A Lot of Trouble From Too Much Starchy Food.

A little boy of eight years whose parents did not feed him on the right kind of food, was always nervous and suffered from a weak condition of the stomach and bowels. Finally he was taken down with appendicitis and after the operation the doctors, knowing that his intestinal digestion was very weak, put him on Grape Nuts twice a day.

He rapidly recovered and about two months thereafter, his father states, "He has grown to be strong, weighs 62 pounds, and his whole system is in a fine condition of health." Name given by Postum Co., Battle Creek, Mich.

It is plain that if he had been put on Grape Nuts at an earlier period in his life, and kept from the use of foods that he could not digest, he never would have had appendicitis. That disease is caused by undigested food decaying in the stomach and bowels, causing irritation and making for the growth of all kinds of microbes, setting up a diseased condition which is the active cause of appendicitis, and this is more marked with people who do not properly digest white bread.

Grape Nuts is made of the selected parts of wheat and barley and by the peculiar processes of the cooking at the factory, all of the starch is turned into sugar ready for immediate digestion and the more perfect nourishment of all parts of the body, particularly the brain and nerve centers.

Mrs. F. M. Dugger, of Jackson, Tenn., will sing the offertory tomorrow night at the First Christian church.

BOAT AGROUND

CHAS. HOOK HITS A SANDBAR IN THE CUMBERLAND.

The Gasoline Guiding Star Crushed in Ice Near Golconda.

The Charles Hook, Pittsburg Coal Co.'s tie trade in this section, is hard aground at Canton, in Cumberland river, but the Fulton has gone to her relief and will probably get her off today sometime and bring her to Paducah.

Yesterday while the Hook was en route here with ties, she struck a sandbar near the dike at Canton and swung around against the dike. Capt. James Leek was in charge and telephoned to Capt. O'Donnell, of the combine here, and he was understood to say that she had been sunk. The Fulton was sent up to aid her late in the afternoon, but this morning the report that she had sunk proved erroneous.

"Parson" Phillips, colored, chief tie carrier, arrived from Canton today and stated the Hook was simply aground and not damaged. She is lying on the bar with her stern down stream. Phillips stated that the accident happened at ten o'clock yesterday morning and he left the boat at 2 in the afternoon, and if she was sunk it was after he left.

The Hook has been running for the combine only a short time and this was the second trip. She will be brought here by the Fulton as soon as she can be released from the bar.

A dispatch from Golconda, Ill., states that the Guiding Star was caught in the ice close near there yesterday and crushed to such an extent that she will be a total loss. The little boat frequently came to Paducah during low water and was about the only boat that ran between Paducah and Golconda at that time. She is a small gasoline affair, and at the time of the accident was the packet running between Golconda and Elizabethtown, Ill.

She was not worth a great deal, probably not more than \$1,000, if that much.

County School Examinations.

County School Superintendent A. M. Ragsdale is today holding examinations for common school graduates for county teachers' certificates. Colored examinations are held here and the white examinations at Grahamville. Supt. Ragsdale is at the latter place today, having been in Paducah yesterday. There are but four applicants, two white and two colored. This is the first of the two semi-annual examinations. The next will come in June.

Police Attending Court.

The trials of suits against various officers for alleged false arrest, etc., came near depleting the city hall yesterday and today, Lieutenant Frank Harlan having to attend to the business most of the time while the officers remained at the court house as witnesses.

Claim Agent John C. Gates, of Princeton, returned home at noon today after a visit to Mrs. Ed Wheeler, her sister, and other relatives in Paducah.

Mr. John Weber, of the I. C. pipe department, has resigned to go with the L. and N. at Louisville.

Mr. Pearl Bugher, of the I. C. pipe department, has resigned to go to Little Rock with the Iron Mountain.

Mr. Gus Covington, of Mayfield, is in the city today on business.

Mr. Robert Leigh, of Chicago, who has been south on business, passed through the city at noon today en route home. He is a brother to Miss O. Leigh, of the News-Democrat, and of Hon. Edward O. Leigh, private secretary to Governor Beckham.

Mrs. J. S. Spinner, wife of the popular engineer, has gone to Louisville to visit.

Mrs. G. H. Warneken did not leave today for Clarksville as intended. Last night she had a telephone message from Mr. Warneken stating he was better.

May Not Decide Tomorrow.

It is possible that Rev. G. W. Perryman, of the First Baptist church, will not make any decision regarding his accepting a call from Knoxville, until he hears more from the Knoxville church. At first he intended to decide tomorrow.
